LEATHER WAS STRAPPED

SUPPORT WAS WITHDRAWN AND THE SHARES DROPPED 12 POINTS.

Brief Strength, Early, in Wall Street, Followed by Decisive Losses-Hardening Tone to Local Prices.

At New York yesterday money on call was firm at 7@12 per cent.; last loan, 12; ruling rate, 8; prime mercantile paper, 50 5% per cent.

Sterling exchange was easier, with actual isiness in bankers' bills at \$4.861/2614.87 for demand and \$4.831/2014.84 for sixty days; posted rates, \$4.871/2@4.88; commercial bills,

Silver certificates were 581/2@501/2c; bar silver was 581/2c; Mexican dollars were 47%c.

Bar silver at London was firm at 27d per The New York stock market started off on an apparently prosperous and animated career of rising prices yesterday, but before the trading had closed in the afternoon the early gains were practically wiped out and a level of prices lower than Monday was established. Varied considerations, connected with politics, were an influence in the early rise. Thus, the London market was encouraged by the more cheerful news from the beleagured British forces in South Africa, and prices of stocks were bid up in that market. The Berlin market was pleased with the report that Great Britain had decided to relinquish her claims in Samoa to Germany, and one result of this was to prompt Berlin to buy some American stocks. In this country the relief from the uncertainties of election time, and the hope of an easier money market prompted some large buying of stocks, which lifted prices at the outset. But there were large holdings by professional operators, which had been bought last week in the faith that an outside demand for stocks would develop, and the first hour of the trading was | tendency, although not quotably changed. On devoted to the selling of these holdings on a Commission row there is a good deal of activity. large scale to take profits. When it was seen that the buying demand was not continuing in force the sagging tendency set in. Efforts | complain of their business, although they are were made to sustain prices by manipula- obliged to handle a considerable bulk of goods tion of special stocks, members of the Iron and Steel group and the prominent highpriced industrials being conspicuous. The violent break in Leather and the heavy selling of Manhattan had an unsettling influence on the whole market and the stiffening of the money rate and uneasiness over the future of the money market completed the discouragement of the bulls. The organized support which has pushed up Leather for several weeks seemed entirely withdrawn, and it was allowed to drop by successive stages to 28, compared with 40 at the close on Monday. A sudden rally in the closing dealings brought the price back to 31. Manhattan had risen to 111% when the statement for the fiscal year made its appearance, showing a failure to earn the acreased dividends paid on account of the addition of stock by a margin of \$238,360. This carried the price down to 1071/2, with a final recovery of only 1/2. The industrials showed marked sympathy in this break and the level of the whole market fell below

Prices of bonds were better sustained than those of stocks, but the changes were mixed. Total sales, at par value, were \$2,-480,000. United States new fours and the fives advanced 1/4 in the bid price.

Monday, the final rally being but feeble. The

fall in sterling exchange rates was a re-

flection of the hardening money market here, but it gave no hope of relief by gold

imports owing to the urgent money need

not only in London, but at all continental

centers. There was evidence in addition of

renewed pressure upon New York from in-

terior points. New York exchange at Chi-

cago falling from 10 cents premium to par.

ury yesterday showed a credit balance at

the clearing house of over \$300,000. Hopes

of relief to the New York money market

from any quarter were thus dissipated, but

the last hour of the market saw an active

liquidation of stock holdings, with little de-

WEAKNESS IN LIVERPOOL

RESPONSIBLE FOR A SHARP DECLINE IN CHICAGO GRAINS.

Domestic Conditions Also Conduced to the Slump-January Ribs the Only Product Showing Strength.

CHICAGO, Nov. 6 .- Liverpool's weakness was the chief factor in the grain markets to-day. Wheat closed le and corn %614c lower. Oats sympathetically lost 4c. Provisions were heavily sold. January pork closed 5671/2c lower, January lard a shade under and January ribs 21/2c higher.

The loss in Liverpool worked potently on the price of wheat at the opening. The initial price was under puts, at a loss from yesterday of 1/20%c, with December at 681/2 668%c and May at 721/26725%c. At these fig- mixed, 28c asked. ures there was some buying by shorts and against holders of puts, which resulted in a form, 58965c; copperas, bris. 75985c; cream tar- rally of 1/8c. This failed to hold. The fact that there was almost no outside demand acted as a bearish influence and there was a rush to dispose of long stocks on the bulge. The price declined, December to 68%@681/2c and May to 72%@721/2c. At this point there was a rally caused by a determined effort to protect the public, which sent the December option to 68%c and the May to 721/20725/sc. These figures acted merely as a bait to holders and the price Straight grades, \$3.40@3.60; fancy grades, \$3.60@ eased off on profit-taking to 68%c for December and 721/sc for May. The close was weak, December at 681/6@681/4c and May at Coffee-Good, 10@12c; prime, 12@14c; strictly 721sc. At no time did the price get above prime, 14@16c; fancy green and yellow, 15@22c; puts. A reported increase of 28,000,000 bushels in world's stock since Oct. 1 had much to do with the closing weakness. Northwest receipts were 778 cars, as compared with 2,954 last year and 589 last week. Receipts at primary points were 933,000 bu, including yesterday's receipts, incompletely reported on account of elections. Primary receipts were 2,000,000 bushels, against 3,213,-600 a year ago. Receipts here were eightyfive cars, seven of contract grade. Export clearances at the seaboard, exclusive of yesterday's, were equal, in wheat and flour, to Bradstreet reported a decrease of 1,453,000 bushels. New York reported twenty-two loads for export. Corn showed little strength, following wheat on the Liverpool weakness. Local receipts were small, but the country acceptances were reported to be increasing. Trading was moderately active. The openng was at a loss of 1/201/4c from yesterday. The market declined steadily under liquidation and was at its weakest at the close. December opened at 311/6/311/2c, ranged at 3114@31%c and closed %41%c lower at 3114@ 3114c. May opened at 3256@32%c, ranged at 3214@32%c and closed at 3214c. Receipts were small, only 151 cars. Seaboard clearances

were 570,000 bushels. Sympathy with corn and some liberal selling by shorts caused a decline of 14c in oats. The trade was fairly good, but no transactions of importance were reported. The cash demand was slow, both locally and at the seaboard. December oats opened at 221/4@225/sc, sold at 225/6@225/sc and closed at 22%@221/2c. Receipts here were 151 cars. Irregularity marked the trade in provisions. The opening was at a slight gain, and this was followed by an advance, chiefly in pork, which went up 71/2c, caused by investment buying and liberal shipping orders. The market turned weak later on free selling of pork and lard. January pork closed 5@71/2c under yesterday at \$9.70, Jan-uary lard a shade under at \$5.25 and January ribs 21/2015c higher at \$5. The Fighting West.

Oh, East, have you heard of the fighting West-Its deeds in the Philippines? Of the lads who braved with a laugh and jest A death 'mid alien scenes? Wherever the swarthy foeman made His walled defense, and where The brush, the ditch, and the ambuscade,

The men of the West were there.

Opposed their march in vain:

The jungle encompassed with death about

With a ringing cheer and a joyous shout

They plunged through swamp and cane They raked with a pitiless stream of lead The thicket and ditch, and then They tended the wounded and buried their dead. And ever swept on again. A turgid river their course would bar; Envenomed its flood and shore With hissing bullet-but, lo! they are

Stout breasting the ford, and o'er, From town to town-'twas a weary way, But who is the lad would lag?-Through mud and rain and the flerce sun's rays They followed the dear old flag. Oh, East, you have earned your laurel wreaths In many a struggle long.

Your spirit of desperate valor breathes In story and verse and song. Now grasp the hand of the best there be Of valley and plain and crest The hand of the fighting West. -Edwin L. Sabin, in Leslie's Weekly.

Godkin Will Still Write.

I'hiladelphia North American. It is pleasant to learn that Mr. Godkin is not to abandon writing wholly. He will contribute occasionally to the Post, where his work will stand out distinctively, clever as the Post's average is. There is no mis-taking his style, charged with scorn for vul-gar roguery and cheap pretension in politics. The subtler kinds of roguery and the more artful pretension of posing righteousness do not often provoke his irony. Respectability is an armor for which he feels a disarming respect. That is the fatal weakness of his character. Had he been without it Mr. Godkin would have achieved an imn easurably higher and larger place in journalism. But such as he is, there is nobody else like him and his retirement is a loss which the newspapers of the country will understand far better than the public.

Opposed to It. Washington Post. 'Charley, dear," said young Mrs. Torkins,

UNION STOCKYARDS, INDIANAPOLIS, Nov. 8. - Cattle-Receipts, 950; shipments, 200. As usual recently, the market for the undesirable cattle and those hardly fat enough for killers was quiet, and it was more or less difficult to negotiate sales at steady prices. The demand for fat stock of all kinds was steady, and sales were usually on a basis of prices quoted. Steers sold as high as \$6.25, heifers as high as \$4.85 and cows as high as \$4.50. Quotations:

Later, with very good competition from local packers, several loads of the better weights were sold at a slight advance in prices, but after shipping orders were apparently well filled the demand was easier and the bidding lower. Salesmen refused to make any concessions, and finally, with additional shipping orders, succeeded in making a clearance at prices as good as the opening. The market, however,

Trade was active and prices higher for all grades, there being a strong demand from New York and Baltimore slaughterers. The Boston packers were strong buyers for heavy weights and paid as high as \$4.30 for some select heavies, which was the top quotation. Owing to the limited supply on sale to-day buyers were not able to fill all orders. The close was

firm, with some orders carried over for tomorrow. Quotations: Select medium and heavy packing. \$4.20@4.30 Mixed and heavy packing 4.15@4.25 Good to choice light...... 4.10@4.20 Pigs and common light 3.90@4.10

Common pigs and heavy roughs.... 3.50@3.90 Sheep-Receipts, 200; shipments, 1,040. The supply continues light and the quality only fair, there being but few good prime sheep offered. The market was firm at unchanged prices. Quotations:

Horses.

UNION STOCKYARDS, INDIANAPOLIS. Nov. 8 .- About 220 head of horses were offered in the auction to-day, against the same number a week ago and a year ago. The arrivals included a few good heavy horses and coachers, but the supply consisted principally of Southerners, drivers and light chunks. There was a very fair attendance of buyers, but the demand was not nearly so good as expected, and the bidding from all sources and for all kinds was decidedly lower. After considerable dif-ficulty salesmen succeeded in getting about steady prices for a few extra heavy and harness norses, but for nearly all other kinds the average was \$5 to \$7.50 per head lower than last week, and in a few extreme cases it was claimed prices were \$10 per head lower. One extra high-going coach horse sold for \$300, but this, of course, was an outside price. A good clearance was finally made at the decline, but the market closed quiet, with the outlook not very encouraging for the near future.
